MEMORANDUM FOR: Chief, Development & Engineering Division, TSSG, NPIC

SUBJECT: Disposition of the [] Image Change Detector

25X1A

1. Attached is a historical summary of the subject equipment. Section 3.2.4. states "The evidence seems to be sufficient to properly conclude that our operational personnel do not need or want this machine." However, alternative applications are possible.

2. This device was received at NPIC on 2 October 1964. At the present time it occupies 33 square feet of much needed floor space in the Engineering Support Division's room 1N-423B.

3. We urgently request your assistance in formulating ideas for proper disposition of this machine. Several DED members know of at least two potential customers. [] both reported that the Engineer Topographic Lab. (ETL), of the Geographic Science Division, Fort Belvoir, Va. is interested in this machine. Contacts are []

[] Please note the numerous references to Fort Belvoir's part in the initial procurement in section 4. of the attachment. Perhaps it is the same Fort Belvoir office that is now interested.

4. We have also heard, through [] that the manufacturers, [] would like to have the machine. Perhaps other worthy recipients exist.

5. Please advise this office of alternative test criteria or appropriate disposition of this instrument.
